Hello Class of 2025,

Now that you are all on your Williams email address, we are excited to officially get you started on the next step of your Williams journey. Using the Step 4 listed here, you will login to Williams Student Records and begin working on your New Student Activity Guide.

When you arrive in Williams Student Records, you will see a tile called First Year Forms. Some of the forms will be live now, while others will open up or be added to this list later in the summer.

Each form has an associated deadline as follows:

- Ephventures Sign up - June 17
- Student Information Form - June 21
- Math/Stat Placement Form - June 21
- Vehicle Information - June 21
- Religious Preference - June 21
- Office of Communications - June 21
- Health forms - July 1
- Williams Qualitative Literacy and Reasoning Assessment (WQLRA) - by July 31
  - Login to GLOW to take this assessment. Your Username will be your student email NOT including @williams.edu (example: abc1) and the Password will be the same one you use for your student email.
- Placement Exams - See exam schedule
- Student Health Insurance - due August 1

While all this “summer work” may seem a bit daunting right now, keep in mind that nothing’s due right now (except that you should get yourself setup in Williams Student Records. And moving forward, we’ll send a weekly email to remind you about upcoming deadlines, introduce you to various college offices and processes, and alert you to new items available to complete on the checklist.

Finally, we’ll soon introduce you to your academic advisor, who’ll offer guidance prior to pre-registration for your first-semester courses, which occur the week of June 21 - 25. Feel free to browse the course catalog in the meantime.

Again, if you encounter any issues, please do not hesitate to email us at first-year@williams.edu.
Best,
Christopher Sewell ‘05
Associate Dean of Students
