Welcome Class of 2027! The Dean's Office is excited to welcome you in the fall, but for now we want to take a moment and share with you why getting to know more about us here at Williams College is a great system that you will want to learn more about! Students come to us for guidance, advice, and sometimes to share triumphs and achievements! Each day class deans meet with students! It's why we exist. Students come to us for support and advice including housing accommodations, career development, academic challenges, and all kinds of other things that make being a first-year student an adventure! The deans are here to help you navigate the college experience and to answer questions you may have about the college or the transition. In addition to the deans, our office has a team of academic advisors, financial aid counselors, and other resources to support you throughout your college experience. At Williams College, we have a Class Dean system. That means each year, we have more than 40 deans dedicated to working with you as you prepare to matriculate as a first year Williams student. Enjoy your summer and we can't wait to see you all on campus. We look forward to having you join our Williams family. Welcome Class of 2027!
